

CITY OF SANTA BARBARA

COUNCIL AGENDA REPORT

AGENDA DATE: August 10, 2010

TO: Mayor and Councilmembers

FROM: City Administrator's Office

SUBJECT: Request From Mayor Schneider And Councilmember Francisco Regarding Sheriff Bill Brown's Initiative For ½ Percent Sales Tax For Public Safety (Measure S-2010)

RECOMMENDATION: That Council:

- A. Receive a presentation from Sheriff Bill Brown regarding the initiative for the local crime and gang reduction, fire protection and jail construction/operation ordinance imposing a County of Santa Barbara ½ percent transaction (sales) and use tax ballot measure (Measure S-2010); and
- B. If appropriate, direct staff to return to Council with a resolution of support for Measure S-2010.

DISCUSSION:

Mayor Schneider and Councilmember Francisco have requested a presentation from Sheriff Bill Brown regarding Measure S-2010. The Council will consider Sheriff Brown's report, the information below and the effect on the City of Santa Barbara in determining its direction to staff, including drafting a resolution of support for Measure S-2010.

BUDGET/FINANCIAL INFORMATION:

The ½ percent increase would become effective July 1, 2011 and be in effect through June 30, 2025 (fourteen years). The effective date is scheduled to coincide with the scheduled expiration of the 1% temporary State sales tax on July 1, 2011. If Measure S-2010 is approved by the voters and the 1% State sales tax lapses as scheduled, the County of Santa Barbara's sales tax rate would drop from 8.75% to 8.25% on July 1, 2011.

Per estimates contained in documents provided by the County, the ½ percent increase would generate approximately \$30 million per year in additional sales tax revenues countywide. However, the Auditor-Controller has been directed to prepare a fiscal

impact statement pursuant to the State Elections Code, providing more accurate estimates.

Because this is a special tax, Measure S-2010 needs a two-thirds voter approval on the November 2, 2010 ballot to be passed.

Expenditure Plan

Measure S-2010 would increase the sales tax rate by ½ percent countywide. The proceeds of this sales tax increase would be collected by the County of Santa Barbara and allocated as follows:

Jail Construction (Years 1-4) and Annual Maintenance (Years 5-14)	50%
Prevention & Alternatives to Incarceration	25%
Front-Line Law Enforcement & Fire Protection – County, Cities and Fire Districts	<u>25%</u>
TOTAL	<u>100%</u>

In years 1-4, 50% of the proceeds will be used to fund the County's matching portion, estimated at \$60 million, for construction of a new jail facility. The balance of construction funds is expected to be made available by a State funded AB 900 grant which will provide approximately 75% of the total on-site construction costs. In years 5-14, the 50% share of the proceeds will be used to pay ongoing costs of operating the new jail facility. At the expiration of Measure S-2010 in June 30, 2025, new funding will have to be identified to fund the ongoing operating costs of the jail. These costs are currently estimated at \$15 million per year and are not adjusted for any general increase in costs.

The 25% portion allocated to prevention and alternatives to incarceration will fund programs administered by the County of Santa Barbara.

The 25% portion annually allotted each year for front-line law enforcement and fire protection services, will be allocated to each jurisdiction on a per capita (i.e., population) basis. These amounts will be subject to change based on: 1) actual revenues generated; 2) any changes to population as published by the State Department of Finance; and 3) the failure of an entity to maintain the baseline public safety budget as discussed below under Maintenance of Effort. The City of Santa Barbara's share of the 25% allocated for front-line law enforcement and fire protection is estimated at approximately \$1.8 million. This is based on a preliminary estimate of \$30 million in total proceeds. Although 25% of the proceeds are allocated both to front-line fire protection and law enforcement, the cities of Santa Barbara, Santa Maria, Lompoc and Guadalupe may distribute their total allocation of funding between police and fire as determined by their governing body since these cities have their own fire and police departments.

Collection and Allocation of Proceeds

The Auditor-Controller will be required to create a separate account into which all proceeds from Measure S-2010 would be deposited. In addition, the Auditor-Controller will calculate the amounts to be allocated to the various jurisdictions. Per the proposed ordinance, the Auditor-Controller will retain an amount not to exceed 0.5% of the total proceeds received as reimbursement for costs incurred in the performance of these administrative functions. Based on the total estimated proceeds of \$30 million, the County would retain an amount not to exceed \$150,000. In addition the County will be reimbursed from the next tax revenues received during the first year of the measure for any election costs and start-up costs required by State law, borne by the County.

Changes to Expenditure

The County of Santa Barbara Board of Supervisors may propose amendments to the Expenditure Plan contained in the proposed ordinance to adjust for changes in federal, state, and local revenues; to account for unexpected revenues; or to take into consideration unforeseen circumstances. The Board will have the authority to make these amendments administratively without being required to secure ratification by the electorate. For example, if the State funding from AB 900 does not materialize, or a sum less than anticipated is distributed to the County, the Board may adjust the Expenditure Plan to provide the necessary capital funding for the new jail construction, but only from the 50% allocation for new jail construction/maintenance.

Amendments to the Expenditure Plan for front-line law enforcement and fire protection services will be made in conjunction with representative cities and fire districts.

An amendment of the Expenditure Plan must be passed by a 4/5 vote of the Board of Supervisors' roll call. The Board would be required to hold formal, noticed, public hearings on the matter before any adoption of amendments to the Plan.

Maintenance of Effort Requirements

The County, cities and fire districts receiving Measure S-2010 funds may not use these revenues to supplant existing front-line law enforcement and fire protection funding identified as regular and recurring. Such "maintenance of effort" will be determined upon a calculation of baseline public safety, General Fund, expenditures for Fiscal Year 2010.

In order to receive their full share of the tax proceeds for a given fiscal year, the County, cities, and fire districts must maintain their baseline front-line law enforcement and fire protection General Fund expenditures. However, an agency may reduce their baseline funding in a percentage no greater than those reductions made to all other non-safety General Fund departments in a given fiscal year.

Each year, the City must provide the County Auditor-Controller a Council-adopted resolution containing a "Statement of Qualifying Expenditures" certifying that the proposed expenditures are consistent with the Expenditure Plan and are in compliance with the maintenance of effort requirements.

Memorandum

DATE: July 20, 2010

TO: Jim Armstrong, City Administrator

FROM: Helene Schneider, Mayor
Dale Francisco, Councilmember

SUBJECT: Request to agendize an item regarding Sheriff Bill Brown's initiative for the local crime and gang reduction, fire protection and jail construction/operation ordinance imposing a County of Santa Barbara ½ percent transaction (sales) and use tax ballot measure (Measure S-2010).

Pursuant to Council Resolution No. 09-097 regarding the Conduct of City Council Meetings, we request that an item be placed on the Santa Barbara City Council Agenda regarding the Sheriff's Initiative to increase the sales tax in Santa Barbara County by ½ percent.

This item meets the following criteria as explained below.

- A. A substantive outline or summary of the information that will be presented to the City Council;

To receive information regarding Sheriff Bill Brown's initiative for the local crime and gang reduction, fire protection and jail construction/operation ordinance imposing a County of Santa Barbara ½ percent transaction (sales) and use tax ballot measure (Measure S-2010).

- B. A concise statement of the specific action the City Council will be asked to take on the item; and

That the Council adopt a Resolution of support for the ½ percent sales tax.

- C. A statement of the reasons why the requesting party believes it is appropriate and within the jurisdiction of the City Council to consider this subject matter and to take the requested action.

It is appropriate for the City Council to consider this matter because the City of Santa Barbara would be subject to the ½ percent sales tax initiative that Sheriff Brown is proposing and receive some of the funding from sales tax revenue. Therefore, it is important that the Santa Barbara Council discuss and hear from Sheriff Brown to consider supporting this tax.

Summary Text

On June 22, 2010, the Board of Supervisors considered the possibility of placing a measure on the November 2, 2010 election ballot to increase the transactions ("sales") and use tax by ½ percent to fund the construction and operation of a new jail; enhanced front-line law enforcement and fire protection services in the cities and unincorporated areas; and prevention, treatment, rehabilitation programs and alternatives to incarceration proven to reduce incidences of repeat criminal offenses. The measure presented to the Board proposed a ½ percent sales tax increase for ten years (7/1/2011-6/30/2021) with the funding proposed to be generated by said measure to be allocated to jail construction and operation (50% or \$15 million/year); enhanced law enforcement and fire protection services to cities and fire districts on a per capita basis (34% or 10 million/year); prevention, treatment and alternatives-to-incarceration proven to reduce recidivism (16% or \$5 million/year).

During this hearing, the Board provided several suggested changes regarding the following items: (1) proposed allocation of the sales tax to various fire and law enforcement entities and services; (2) timing in terms of extending the sales tax and (3) additional information and details regarding the oversight committee. The revised ordinance presented for consideration by the Board on July 6, 2010 reflects these changes. Specifically, the measure would: (1) exist for fourteen years from 7/1/2011 to 6/30/2025 to coincide with the 2024 Presidential election; (2) allocate an additional \$1.25 million to countywide watershed protection (Santa Barbara County Fire Protection District) and (3) create an Independent Citizen's Oversight Advisory Committee tasked with financial oversight to augment the committee focusing solely on program evaluation and funding allocation for recidivism reduction efforts and alternatives-to-incarceration.

Background:

Based on the recommendations of the Blue Ribbon Commission, the findings derived from the resident's survey, and direction received from the Board of Supervisors on June 22, 2010, the following ballot measure is recommended:

County of Santa Barbara ½ Percent Transactions (Sales) and Use Tax Ordinance for Local Crime & Gang Reduction, Fire Protection and Jail Construction/Operation

"Shall the County of Santa Barbara Ordinance to strengthen front-line law enforcement and fire protection within the County of Santa Barbara and Buellton, Carpinteria, Goleta, Guadalupe, Lompoc, Santa Barbara, Santa Maria, and Solvang and Carpinteria-Summerland, Montecito and County Fire Districts, construct and operate a 304-bed jail, repair existing correctional infrastructure and fund repeat offender reduction efforts and alternatives-to-incarceration, with a ½ percent Transactions (Sales) and Use Tax increase beginning 7/01/2011 through 6/30/2025, and advisory committee oversight be approved?"

Yes _____

No _____

Revised Ballot Measure Proposal

The proposed ballot measure recommended for November 2, 2010 would authorize a one half of one percent (½%) Transactions (Sales) and Use Tax for the purposes listed below, in accordance with key provisions of the ordinance as illustrated below:

- The tax will be levied for fourteen (14) years.
- Revenue from the tax may only be used for enhanced sworn front-line law enforcement and fire protection services, new jail construction and operation, repair of existing correctional facilities infrastructure, financing costs, recidivism reduction efforts, and alternatives-to-incarceration programs to reduce the number of future inmates.
- The measure is expected to generate approximately \$30 million annually to be apportioned by the following percentages:
 - a. Construction, and future operation of a new jail facility and repair of existing correctional facilities infrastructure (50%-approximately \$15 million based on an estimated \$30 million in gross revenue)
 - b. Front-line sworn law enforcement and fire protection services (34%-approximately \$10 million based on an estimated \$30 million in gross revenue)
 - 1. Law Enforcement (approximately \$5 million based on an estimated \$30 million in gross revenue) to the County and cities
 - 2. Fire Protection (approximately \$5 million based on an estimated \$30 million in gross revenue)
 - i. 75% front-line fire protection (approximately \$3.75 million) to the cities and all fire protection districts
 - ii. 25% countywide watershed fire protection (approximately \$1.25 million) to the Santa Barbara County Fire Protection District
 - c. Recidivism reduction efforts and alternatives-to-incarceration programs (16%-approximately \$5 million based on an estimated \$30 million in gross revenue)
- An Independent Oversight Advisory Committee will be appointed by the County of Santa Barbara Board of Supervisors to help ensure accountability to voters regarding the expenditure of funds, and to assist the Board of Supervisors in ensuring that all provisions, requirements and voter mandates specified in the Ordinance and corresponding Expenditure Plan are properly carried out.
- A separate Advisory Committee on recidivism reduction efforts and alternatives-to-incarceration programs will also be appointed by the County Board of Supervisors to develop a recommended

funding plan for the 16% percent of funds specifically dedicated to such efforts and to advise the County of Santa Barbara Board of Supervisors on program delivery.

- All funds derived from this measure remain local and cannot be taken by or redirected to the State of California.

Expenditure Plan

The following Expenditure Plan represents estimated allocations for the first year that the Transaction (Sales) and Use Tax revenue is collected and distributed based on population figures published by the State Department of Finance in 2009. The allocations may change from year to year based on such factors as the actual revenue received, changes in population, the failure of an entity to maintain its baseline public safety budget as defined within the ordinance or authorized amendments to the Expenditure Plan.

New Jail Construction, Operation and Repair of Existing Correctional Facilities Infrastructure (50% Total Revenue – Approximately \$15 million based on an estimated gross revenue of \$30 million)

Year 1 - 4 \$15 million annually based on estimated gross revenue of \$30 million.

For construction of new jail facility (\$60 million over an estimated 4 years) - Funds will serve as match monies to State funded AB 900 grant funding anticipated to provide approximately 75% of the total on-site jail construction costs.

Measure funding may also be utilized for associated off-site construction and related costs not eligible for AB 900 grant monies, and repair of existing correctional facilities infrastructure.

Year 5 – 14 \$15 million annually based on estimated gross revenue of \$30 million.

Approximately \$15 million annually will be dedicated to the ongoing costs of operations of the new jail facility.

Recidivism Reduction Efforts and Alternatives-to-Incarceration

(16% Total Revenue - Approximately \$5 million based on estimated gross revenue of \$30 million)

Year 1 – 14 \$5 million annually based on estimated gross revenues of \$30 million.

Funds shall be used for recidivism reduction efforts and alternatives-to-incarceration, such as, but not limited to, the following program areas: Intensive probation/supervision, drug treatment (in-custody and in-community), alternative treatment courts, mental health services, homeless and mental health jail discharge planning, gang prevention/intervention, truancy programs, day reporting centers, sobering and detoxification centers, work furlough programs, and vocational education and training.

All funds derived from the 16% dedicated to recidivism reduction efforts and alternatives-to-incarceration programs shall be monitored by an advisory committee comprised of subject matter experts who will provide recommendations to the County Board of Supervisors regarding funding allocations, program delivery and effectiveness. The Committee shall ensure that funds are used in a manner consistent with that specified in the measure. The Committee shall be appointed by the County of Santa Barbara Board of Supervisors.

Enhanced Front-line Law Enforcement and Fire Protection Services

(34% Total Revenue - Approximately \$10 million based on an estimated gross revenue of \$30 million)
Funds may be used for front-line sworn law enforcement and front-line fire protection, countywide watershed protection and fire suppression.

Generally, public safety funding will be allocated on a 50/50 sharing ratio between law enforcement and fire protection. However, the cities of Santa Barbara, Santa Maria, Lompoc and Guadalupe, given they have their own fire departments and police departments, may distribute their total allocation of funding for front-line law enforcement and fire protection services in a percentage as determined by their governing body. The Cities of Santa Maria, Santa Barbara, Lompoc, and Guadalupe may allocate the total proceeds derived from revenues between front-line law enforcement and fire protection at the discretion of their local governing bodies as long as their municipal fire departments are maintained and do not become part of a fire protection district. In the event a city joins a fire protection district, its per capita funding for fire will shift to such district.

Based on the overall benefit derived by the County as a whole through enhanced front-line law enforcement and fire protection readiness, funds will be distributed to public safety agencies, identified in the chart within the ordinance, on a per capita percentage basis. In addition, recognizing the countywide need for wild land-urban interface fire protection and suppression, 25% of the total fire protection allocation will be directed to the Santa Barbara County Fire Protection District for countywide watershed protection. The remaining 75% of the fire protection funding will be directed to fire districts/agencies on a per capita percentage basis as illustrated on the chart below.

During the first year the tax is levied, revenues will be apportioned among the County, all cities within the County (Cities) and the Santa Barbara County, Carpinteria-Summerland and Montecito Fire Protection Districts (Fire Districts) on the following basis (Assuming \$10 million for distribution based on assumed gross revenue of \$30 million.)

All amounts referenced in the following chart are based on an estimated gross of \$30 million in revenue.

- The County, Cities and Fire Districts may not use revenue derived by the measure to supplant existing front-line law enforcement and fire protection funding sources identified as regular and recurring. Such will be determined upon a calculation of baseline public safety general fund contributions for Fiscal Year 2009/10 by the County, Cities and Fire Districts. In order to receive their full share of tax proceeds for a given fiscal year, the County, Cities and Fire Districts must maintain their baseline front-line law enforcement and fire protection (public safety) general fund contribution. However, an agency's front-line public safety funding general fund contribution may be reduced compared to its baseline general fund contribution in a percent no more than that by which other combined general fund contributions of all other non-public safety departments for the prior fiscal year were reduced. In the event the County, a City or Fire District reduces its front-line law enforcement and fire protection (public safety) general fund contributions, measured on a percentage basis, more than the percentage of the combined general fund contributions of all other non-public safety departments of the prior year's combined budget, the tax revenue that would otherwise have been paid to the County, City or Fire District will be reduced by the difference of those variances. The remainder from the reduction(s) shall be distributed to the other qualifying agencies on a per capita percentage basis.
- Each year, the County, Cities and Fire Districts shall provide the County of Santa Barbara Auditor-Controller a resolution adopted by their respective governing bodies containing a "Statement of Qualifying Expenditures" and certifying that proposed expenditures are consistent with the Expenditure Plan and "no supplanting" or baseline maintenance of efforts/general fund contribution requirements referenced within this Ordinance are met. The Auditor-Controller shall

disburse funds on a monthly basis consistent with the distribution schedule of the California State Board of Equalization.

- Beginning FY 2011/12, before the net proceeds from the Transactions (Sales) and Use Tax revenue for the year may be distributed to the County, Cities or Fire Districts, an authorizing resolution must be adopted by the Board of Supervisors providing for the distribution on the per capita/percentage distribution referenced for the County, Cities and Fire Districts. Upon adoption of the annual resolution of the Board of Supervisors, the County Auditor-Controller will disburse funds in the appropriate amounts noted within the resolution to the County, Cities and Fire Districts.

Disposition of Sales Tax:

In Fiscal Year 2009-10 \$459M of Sales Tax revenue for State and Local governments was generated in Santa Barbara County. The following chart represents the estimated Sales Tax for Fiscal Year 2009/10 distribution to agencies.

*The Sales and Use Tax Rate increased on April 1, 2009 resulting in the State's rate increasing from 5% to 6%.

- The 1% temporary State Sales Tax increase to 6% is anticipated to revert back to 5% on July 1, 2011. This sunset of the temporary State Sales Tax coincides with the timing of the ½% proposed increase in the ballot measure.

Should the proposed ballot measure be approved an 8.25% sales tax rate would exist in Santa Barbara County.

Advisory Committees

An Independent Citizens' Crime Reduction and Fire Protection Oversight Advisory Committee shall be established by the County of Santa Barbara Board of Supervisors to monitor the expenditures of revenue collected pursuant to this ordinance only and to report to the People and the County of Santa Barbara Board of Supervisors.

The Committee shall consist of five members appointed by the County of Santa Barbara Board of Supervisors. Of the members first appointed, three members shall be for a term of two years and two members shall be appointed for a term of three years. No member shall serve more than two consecutive three year terms. The County of Santa Barbara Board of Supervisors shall solicit members for the Independent Citizens' Crime Reduction and Fire Protection Oversight Advisory Committee through an open application process. Any resident of the County of Santa Barbara is eligible to apply for Committee membership, subject to the restrictions specified above. Applicants which have specific executive level, large scale private or public sector financial operations expertise and/or prior committee experience are encouraged. The Independent Citizens' Crime Reduction and Fire Protection Oversight Advisory Committee shall meet as needed, but at least twice per fiscal year with specific meeting dates to be determined by Committee members in accordance with the Brown Act. The Committee will be tasked with conducting an annual review of expenditures of revenue collected pursuant to this ordinance to determine whether such funds are expended for the purposes specified in the Expenditure Plan and issuing an annual report on its findings to the County of Santa Barbara Board of Supervisors and the Cities and Fire Protection Districts that participate in the allocation of revenues.

A separate Advisory Committee for Recidivism Reduction Efforts and Alternatives-to-Incarceration will also be appointed by the Board of Supervisors to provide input to help ensure accountability to voters

regarding the expenditure of the 16% of the tax revenue dedicated to recidivism reduction efforts and alternatives-to-incarceration and to assist the Board of Supervisors in ensuring that all provisions and requirements and voter mandates specified in the Expenditure plan and Ordinance related to such revenue are properly carried out.

The Advisory Committee shall consist of seven members to include subject matter experts in fields such as but not limited to: Substance abuse prevention, treatment and recovery, mental health treatment, vocational training, general education development, intensive probation supervision, proven alternatives-to-incarceration models, drug and mental health courts, inmate discharge planning services, gang prevention and intervention and criminal justice systems. The County of Santa Barbara Board of Supervisors shall solicit members for the Committee, through an open application process. All applications will be reviewed by the Board of Supervisors, which will have the authority to make final decisions regarding Committee composition, subject to the guidelines in this Ordinance. The Advisory Committee for Recidivism Reduction Efforts and Alternatives-to-Incarceration shall develop a process to annually solicit, review and recommend requests for funding from qualified service providers to the Board of Supervisors and conduct an annual review of expenditures of revenue collected pursuant to this ordinance to determine whether such funds are expended for the purposes specified in the Expenditure Plan. Specific duties of the Committee include but are not limited to:

- A. Recommending the allocation of funds emphasizing proven programs including intensive community supervision, prevention, intervention, rehabilitation and alternatives-to-incarceration programs designed to reduce crime and recidivism.
- B. Evaluating all implemented programs relative to the goals of ensuring that programs initiated eliminate the need for future correctional facility beds.

The Advisory Committee for Recidivism Reduction Efforts and Alternatives-to-Incarceration shall issue an annual report on their findings to the Board of Supervisors.

Performance Measure:

Performance measures to be determined for individual programs and services.

Fiscal and Facilities Impacts:

Budgeted: No

Fiscal Analysis: The ballot measure is anticipated to generate approximately \$30 million annually to be allocated among jail construction and operations, front-line law enforcement, front-line fire protection and recidivism reduction efforts and alternatives-to-incarceration.
